TRIAL BUS SCHEME SET TO BE MADE PERMANENT

On November 8 Suffolk County Council's Rights of Way Committee voted to adopt a recommendation of the Town Council and make permanent the implementation of the trial bus scheme for Southwold High Street. The debate was not without incident, and there were strong counter arguments put by a representative of *ESTA*, the East Suffolk Travellers' Association.

Notwithstanding the real concerns of many out – of – town objectors, especially for the elderly and those less assured with regard to personal mobility, the committee decided that, on balance, the potential benefits of the measures were both persuasive and predominant.

This outcome means that the Town Council is obliged to re-examine its declared intention to improve the quality of the passenger waiting experience at the King's Head public house and to give careful consideration to the establishment of an assisted travel scheme, encompassing movements within the High Street and between there, the Pier and Southwold Harbour.

Each of these matters is being looked at by the Highways and Footpaths working group which meets regularly between Town Council meetings and which, through its Committee, makes direct recommendations to the Town Council.

Christmas is a very special time of the year when we spend time celebrating with family and friends having fun and reflecting back on the last year. We had some great occasions to celebrate in Southwold during 2012 with the Queens Diamond Jubilee weekend and the arrival of the Olympic Torch Relay to name just two. However let us never forget what we are really celebrating at this time of the year. The spirit of Christ's birthday is the foundation of all the festivities during the coming weeks. As Southwold Town Mayor and on behalf of the Town Council I would like to wish you all a very happy and peaceful Christmas and a prosperous New Year.
